# Welcome!

The years go by but the mission here steadfastly remains the same... Discovery Toys continues to be committed to making a difference in the lives of children by providing the highest quality, hands on, kid powered learning toys that allow a child's brain to be in charge of the play experience. With kids today playing less than they did in previous generations, a "Crisis in Play" has developed that has led to a reduction in children's ability to think and learn.

With Play disappearing at home and school, kids are not developing critical 21st century skills such as collaboration, creativity, problem solving, resiliency and empathy. These skills are needed to succeed as adults in the global economy. The answer...Let Them Play. Play helps to improve communication skills, increase creativity, build cognitive skills, express emotions and promote physical development.

The award winning products we offer are designed to help develop the skills necessary for SUCCESS. Browse through our 2016-2017 Catalogue and check out our newest offerings as well as our time tested classics. Join generations of satisfied Discovery Toys customers and feel confident that your purchase will help to spark a love of learning in the child who will receive your gift.

Remember...a child only gets one childhood...together let's make it a great one that becomes the foundation of a life well lived!!!

Enjoy,

CEO Discovery Toys
