Children need play.  
They **NEED** play to develop well.  
It's not a luxury, it's not something  
that we should regard as recess or  
a break from learning.  
It **IS** learning.

## DISCOVERY TOYS PLAY ADVISORS PLAY FOR A LIVING!

You can too! Hear from two of our Top Reps in 2022!

**Candace Kantz, US**  
Tops in Pers. Sales US in Q1 2023

I started selling in the beginning of the pandemic. I was watching my own kids falling into the world of electronics and was searching for a business that would inspire and they could also be a part of. After joining, I watched them change by reducing screen time & increasing their interaction with our toys.

A large part of my business today is fundraising which gives children whose families cannot afford them access to Discovery Toys. This drives and inspires me every day!

Plus, my children are learning entrepreneurship and sales along side of me. They are my MVP's.

**Gail Flannigan, CAN**  
Tops in Team Sales Canada in Q1 2023

For the last 29 years it's been a pleasure to help others choose products that can benefit the children in their lives.

Having both my children grow up with Discovery Toys, I've seen first hand the benefits of having "the right toys at the right time".

Earning incentive trips, recognition for achievements & making lifelong friends have all been added benefits of being a Play Advisor.

What can be more fun than playing for a living?
